SP Clean & Shine Pad

Maintenance Pad for Guarded Floors

Product Description

The Ameripolish® SP Clean & Shine Pad is a composite of two different technologies designed to provide maximum aesthetics and cleanliness values. The outer pad consists of an open loft construction designed to lift and remove dirt and debris up and away from the floor while the inner pad has a tighter, denser construction that provides an excellent polishing effect. The Ameripolish® SP Clean & Shine Pad was designed for floor protected by Ameripolish® 3D SP Stain Protector, but testing has shown excellent results with any guard type floor.

Features

- For guarded floors that have a topical coating such as Ameripolish® 3D SP Stain Protector
- Used with standard janitorial equipment such as an auto-scrubber or floor machine
- Composite of two pad technologies in one easy to use pad
- Open loft blue driver pad cleans by removing dirt and debris up and away from the surface
- Inner insert pads are made up of a tighter, denser construction that buffs and polishes
- Achieves maximum cleanliness and aesthetic values

Uses

The Ameripolish® SP Clean & Shine Pad was designed for floor protected by Ameripolish® 3D SP Stain Protector, but testing has shown excellent results with any guard type floor.

Application

It is recommended that an auto-scrubber is used for this process. Use the appropriate size SP Clean & Shine Pad (i.e. if the janitorial machine being used fits 17" pads, use the SP Clean & Shine Pad 17").

1. Attach the SP Clean & Shine Pad to the auto-scrubber with the correct side up.
2. Fill auto-scrubber with Ameripolish® Rejuvenating Cleaner in fill tank.
3. Clean the floor with the auto-scrubber as usual working

Packaging Specification

SP Clean & Shine Pad

Maintenance Pad for Guarded Floors

wall to wall and not only main traffic areas. For best results, the auto-scrubber movement should be roughly the equivalent to a walk.

Cleanup

After using the SP Clean & Shine Pad, thoroughly rinse driver pad and inserts and store appropriately.

Warranty

The information contained herein is believed to be reliable. This information is based on laboratory testing and results. Because of variations in methods, conditions and equipment, each user must test this product to make a judgment of performance. Applicator is responsible for testing material for effectiveness and performance. Manufacturer obligation is limited to the refund of purchase price or replacement of material if proven to be defective. Claims must be made in writing and received within one year from date of product sale to original buyer. Sole remedy shall be replacement of product proven defective.
