SP Clean & Shine Pad

Maintenance Pad for Guarded Floors

Product Description

The Ameripolish® SP Clean & Shine Pad is a heavy, dense weave designed to provide maximum aesthetics and cleanliness values. A tighter, denser construction that provides an excellent buffing effect, and does not disintegrate like standard cleaning pads. The pad construction has less voids than a standard cleaning pad which can potentially hold abrasives that may scratch the floor. The Ameripolish® SP Clean & Shine Pad was designed for floors protected by Ameripolish® 3D SP Stain Protector, but testing has shown excellent results with almost any guard-type floor.

Features

- For guarded floors that have a freshly applied topical coating such as Ameripolish® 3D SP Stain Protector
- For floors with worn topical “guard” type products, we recommend SmartFloor™ DOI pads
- Achieves maximum cleanliness and gloss values
- The heavy, durable weave does not disintegrate like standard pads
- The heavy, durable weave has less voids than a normal cleaning pad, which can potentially hold abrasives that may scratch the floor
- Used with standard janitorial equipment such as an auto-scrubber or floor machine
- Available in sizes: 13”, 14”, 15”, 16”, 17”, 20”, and 24”

Uses

The Ameripolish® SP Clean & Shine Pad was designed for floors protected by Ameripolish® 3D SP Stain Protector, but testing has shown excellent results with almost any guard type floor.

Application

It is recommended that an auto-scrubber is used for this process. Use the appropriate size SP Clean & Shine Pad (i.e. if the janitorial machine being used fits 17” pads, use the SP Clean & Shine Pad 17”).

1. Attach the SP Clean & Shine Pad to the auto-scrubber.
2. Fill auto-scrubber with diluted Ameripolish®
